About the College

Basaveshwar Engineering College (BEC), Bagalkote is undergoing unswerving growth since 1963. It is started as a private institute with only three engineering programs viz., Civil, Mechanical and Electrical Engineering and came into government grant-in-aid code from 1968. Today, the institute offers 9 undergraduate and 8 post graduate programs with 10 departments recognized as R&D centers by VTU, Belagavi. It is a matter of pride for BEC to be placed in the rank band of 201-250 and 150-200 at all India level for the year 2019-20 and 2021-2022 respectively by the National Institutional Ranking Framework (NIRF) of MHRD, New Delhi. The selection of BEC under Technical Education Quality Improvement Program (TEQIP-I, 2004-2009) of MHRD, New Delhi was onset of new era in the history of BEC. The TEQIP grant of Rs.40.13 crores was effectively utilized for scaling up UG programs, PG programs and R&D activities. The BEC was granted academic autonomy from UGC, New Delhi in 2007. The core values of the institution emphasize on teaching-learning, research and administrative processes. Hence, to stimulate the academic environment for promotion of quality, the BEC looks forward for academic audit by National level bodies of engineering education.
