Professional Development Activities of Faculty Members

Faculty Development Program Organized

A Faculty Development Program (FDP) on “Project-Based Learning in VLSI using Industry Standard Tools” was organized by Dr. Chayalakshmi C. L., Head of Electronics and Computer Engineering Department, from 3rd to 7th February 2026, with objective of providing practical exposure to advanced design techniques in VLSI. Resource Persons from Industry such as Cadence, AI Fabrics, Entuple Technologies Pvt Ltd and Higher learning institute Indian Institute for Information Technology, Dharwad, shared their knowledge in the domain through interactive and hands-on sessions.

Faculty Participation in FDP

- Dr. Krishnamurthy Bhat, Dr. Manjula A. Sutagundar and Smt. Laxmi Ugar participated in 5 days FDP on “Project - Based Learning in VLSI using Industry Standard Tools” organized by Department of Electronics and Computer Engineering from 3rd to 7th February 2026.
- Dr. Manjula A. Sutagundar was the resource person for the session on “Voice modulation” in Faculty Pedagogy Development Program on “Effective Teaching Practices” jointly organized by department of Electronics and Communication Engineering and Mechanical Engineering from 26th to 28th February 2026.
- Smt. Laxmi Ugar attended Faculty Pedagogy Development Program on “Effective Teaching Practices” jointly organized by department of Electronics and Communication Engineering and Mechanical Engineering from 26th to 28th February
- Dr. Manjula Sutagundar served as judge for IDT Project Competition organized for 1st year students on the eve of National Science Day on 28th February 2026

Anti-Ragging Awareness Program

Anti-Ragging awareness program was organized for the students of 2nd year 17-02-2024 to educate students about what constitutes ragging and to explain legal consequences and institutional policies. Smt. Laxmi Ugar Coordinated the program.

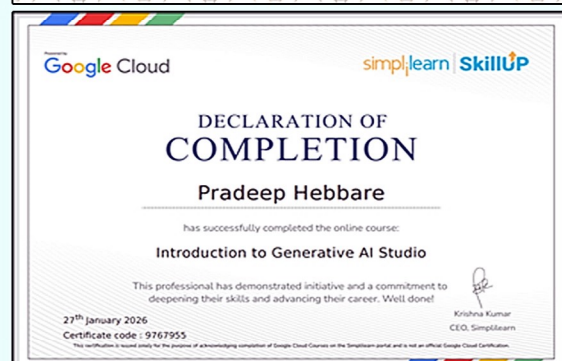

“Stop Ragging, Start Respecting -
Together we stand for dignity.”

Student Participation & Achievements

- Ms. Saniya Kalalbandi, student of 2nd year Electronics and Computer Engineering (ECS) Department, Basaveshwar Engineering College, Bagalkot, successfully participated in the Campus Ambassador Program organized by GlowLogics Solutions during December 2025 – January 2026. The webinar focused on developing leadership qualities, communication skills, marketing strategies, and professional networking abilities among students.
- Mr. Pradeep Hebbare completed the online course titled “Introduction to Generative AI Studio”, offered by Google Cloud in association with Simplilearn SkillUp, which introduces fundamental concepts and tools related to Generative Artificial Intelligence.
- Mr Prateek Kalagi earned certification in Film making Masterclass with AI Assistance from Alison, enhancing his skills in modern film making and AI integration.
- Ms. Vijayashanti successfully completed a Web Development for Beginners course and actively participated in a Placement Assistance Program, strengthening both technical and career-readiness skills. These certifications reflect consistent learning, initiative, and commitment to professional growth
- Four teams of 1st year students participated in for IDT Project Competition on the eve of National Science Day on 28th February 2026.

Student Participation & Achievements

A session on "Creative Arts" was organized as a part of Student Induction Program for 1st year students on 23rd February 2026. It was a team activity where each team was asked to create something artistic using the materials given. Students enthusiastically participated in the event and created some beautiful art pieces.

College

Vision

To be an institution of excellence in education, research and innovation for sustainable future.

Mission

- Develop globally competent professionals for future talent requirements.
- Nurture a culture of research, Innovation and entrepreneurship.
- Promote collaborations, extension and outreach programs for addressing industrial and societal needs.
- Imbibe moral and ethical values.
- Foster ecological and environmental consciousness.

Department

Vision

To be recognized as a Center of Excellence for Electronics and Computer Engineering education and research, developing competent professionals with moral and ethical values

Mission

- Develop professionals with strong fundamentals, technical skills, committed to life-long learning
- Create an environment for interdisciplinary research by collaborating with industries and institutes of higher learning
- Imbibe high moral and ethical values
